REFERENCE LETTER

March 2011

We, ABB Bulgaria represented by Mr. Peter Simon, Country Manager, herewith recommend the company Bautech as a reliable and trustworthy business partner.

Bautech was part of the turn-key erection of the administration building project for the new production facility of ABB in Rakovski near Plovdiv – ABB Automation EOOD, where it carried out quality finishing works, such as supply and installation of dry lining, painting, screed and tiling works, supply and installation of false floor for industrial purposes and wooden doors in a very professional manner.

The new production facility in Rakovski led ABB in Bulgaria to be awarded the prize “Investor of the Year 2009” for this new investment.

We would very much like to express our appreciation and satisfaction towards the cooperation we had with the company Bautech, and therefore strongly recommend the company as a good business partner.

Yours sincerely,

Peter Simon
Country Manager ABB Bulgaria
